

VERITIME

Save hours, increase accuracy,
and ensure compliance by going paperless
with your time & attendance

Time & Attendance for Aesop®
Easiest to implement. Easiest to use.

PRODUCT OVERVIEW

The makers of Aesop are pleased to present VeriTime, a web-based time and attendance system that is the perfect companion to Aesop.

VeriTime was designed specifically for K-12 school districts, offering a simple-to-use product that's just what you need, without the complexity of unnecessary features.

KEY FEATURES

- *Web Clock* – capture in and out time through an online web clock
- *Electronic Timesheets* – track attendance with highly configurable timesheets
- *Electronic Approvals* – quickly approve timesheets and report on exceptions
- *Multi-Shift Job Types* – allow employees to sign in for multiple shifts within a day
- *Customizable Reporting* – drag and drop fields to create your own exportable reports
- *Paid/Unpaid Absence Reasons* – distinguish between paid and unpaid absence days
- *People Locator Report* – view in real time who is currently clocked in
- *Change Log* – track all changes made to time to ensure accurate record-keeping

BENEFITS HIGHLIGHTS

- Save hours spent handling paper timesheets
- Eliminate errors from manual data entry
- Control employee overtime costs
- Improve compliance with state and federal labor laws
- Monitor employee attendance behavior and trends
- Reduce no-shows and tardiness through increased accountability
- Cut down on paper record-keeping costs and help your district “go green”
- Access the data to win employee lawsuits under FLSA

With the employee database already set up in Aesop, implementing VeriTime is fast and painless! And with VeriTime, customers enjoy the same great, accessible service that they've come to love with Aesop.
